Tonight at 5pm First Responders from Perquimans and surrounding counties will gather for a county-wide live training exercise. Responders from Fire, Law Enforcement, 911 Communications, EMS and Emergency Management will put their skills to the test as they simulate a structure fire event in the downtown district. This exercise will test many facets of the emergency response system.

The community should be aware that in order to facilitate this worthwhile training some roads will be closed (see map below).
