## FREE Prostate Screenings

Thursday, September 12, 2019, 4:30-6:30 pm  
New Bethel Missionary Baptist Church, 999 Pender Road, Hertford

And

Thursday, September 26, 2019, 4:30-6:30 pm  
Warren Grove Missionary Baptist Church, 122 Warren Grove Road, Edenton

Dr. Cris Reynolds, in partnership with Vidant Chowan Hospital and Chowan Hospital Foundation, will be conducting valuable, **free** prostate screenings for men. **Not everyone experiences symptoms of prostate cancer. Often it is first detected by a doctor during a routine check-up.**

The screening consists of a free PSA blood test, brief physical examination and helpful information about prostate health. Additional screenings offered include blood pressure, glucose and cholesterol levels.

Take 15 minutes for your peace of mind. Look for the Vidant Health event signs at the New Bethel Missionary Baptist Church parking lot and at Warren Grove Missionary Baptist Church parking lot.

\*Screening is recommended for all men 50 and older. If you have higher risk factors - being African-American or having a family history of prostate disease, you should be screened beginning at age 45. Both screenings are open to the public.
