Perquimans County Planning & Zoning Staff Report By Rhonda Repanshek, Planner July 3, 2023 Board of County Commissioner Regular Meeting

SUBJECT: Special Use Permit No. SUP-23-02, Special Use Permit Request for Resumed Single Family Dwelling in CH, Highway Commercial District at 1604 Ocean Highway South, tax parcel 3-0068-00027, requested by Tykisha Frierson.

Project Description/ Research & Analysis

Project Overview:

<u>Purpose of 'Special Use'</u>: The purpose of the use being 'special' is to ensure that it would be compatible with surrounding development and in keeping with the purposes of the general zoning district in which it is located. Per zoning ordinance section 904(c) the Board of County Commissioners (BCC) may impose reasonable and appropriate conditions and safeguards upon the approval. Section 904 (f) allows the BCC to require restrictions upon the location of construction, maintenance and operation of the special use as deemed necessary for the protection of the public interest.

Technical & History:

Perquimans County Zoning Ordinance Article VIII, Table of Uses classifies this as (S), Special Use in CH, Highway Commercial District and Section 911.28 *Resumed Single-Family Dwelling* applies. It is also in the HCOD, Highway Corridor Overlay District which has standards for all uses *except* single family residential use. The attached proposed special use permit (SUP) has identical conditions that are copied from section 911.28; one of its conditions is that the replacement must be either site-built, modular, or a double-wide manufactured home. An extra condition was added limiting the number of accessory buildings to one and restricting its location to the rear yard.

1993 and 1969 aerial photos show a house on the lot, plus it is drawn on an old property tax card. The Planning office has photos that a previous code enforcement officer took prior to it being torn down. It appears to have been a site-built house that was 784 heated square feet built in 1962. Septic system permit number 5056, with final inspection date of May 23, 1968 shows the lot has a well near the location of the previous house. Also on the septic permit is a handwritten note that states "no washing machine". The County water department did not anticipate any issue if the applicant requests county water. Setbacks for a resumed dwelling are 50 foot front yard, 20 foot rear yard and 10 foot side yards.

Regulations and Procedure

<u>Potential Schedule for Public Hearing(s)</u>: April 18, 2023 Ms. Frierson's Application package was received by the Planning & Zoning Office and was found to be substantially complete. Public notices were sent to adjacent property owners and published in the Perquimans Weekly in accordance with Section 332(a)&(c) *Notice of Hearing* of the County's Zoning Ordinance and NCGS Ch. 160D-406(b). Pursuant to Section 904, *Board of Commissioners Action*, Planning Board's action at their Regular Meeting on June 13th allows the case to have a quasi-Judicial public hearing and Board of County Commissioners (BCC) review on July 3rd.

<u>Recommendation Procedure</u>: Perquimans County Zoning Ordinance Section 904 states that after Planning Board has produced recommendations then the BCC shall consider the proposed SUP at a quasi-judicial public hearing. In considering the request, the BCC shall use as a guide Sections 904(e) (1 - 4) as findings.

<u>Consideration of SUP Criteria and Proposed Conditions</u>: This request for a SUP requires consideration of the attached Draft Special Use Permit, which includes suggested conditions for the proposed site. The applicant's site plan is a formal part of the SUP. If approved, the draft SUP will be executed by the applicant and the BCC Chair and recorded by the applicant in the Register of Deeds along with the site plan. Later, the recorded SUP will be attached to the applicant's zoning permit and then be used by Planning & Zoning staff to determine zoning compliance.

<u>Consistency with 2016 Land Use Plan (LUP) Update</u>: Per County Zoning Ordinance section 903(c), Planning Board shall include in its comments a statement as to the consistency of the application with the County's currently adopted Comprehensive Plan. According to the Projected Future Land Use map Exhibit IX-B, page IX-36 of CAMA's 2016 Land Use Plan Update, the subject area is zoned Commercial and is in the Highway Corridor Overlay. Perquimans County Future Land Use Compatibility Matrix in Chapter IX, page IX-35, lists residential use in this zone as 'inconsistent'. Being inconsistent does NOT mean the use must be denied. Chapter III B. *Housing* states "... the most prevalent and crucial problems ... are related to ... an inadequate supply of standard units to meet the demands and needs of the general population at prices affordable by the general population. ... All levels of government should do all that' is possible to ensure that decent housing and suitable living environments are made accessible to all citizens." The LUP Update may be viewed in its entirety on the County website at <u>www.PerguimansCountyNC.gov</u> (click on "Departments" then "Planning and Zoning" then scroll to the bottom of the page and click on "Perquimans County 2016 Joint CAMA Land Use Plan Update-Recertified 3-5-2018").

General Land Use Plan Objectives on page II-17 of the CAMA Land Use Plan are stated as follows: "The land use plan should help the County: preserve its rural character; protect and preserve the natural environment; provide adequate public facilities and services; achieve support and consensus for County initiatives; promote unity in its residential and commercial communities; and, make infrastructure improvements that compliment but do not duplicate existing systems."

Recommendations

Planning Board found it to be inconsistent with Perquimans County CAMA Land Use Plan (LUP), however considering the low availability of affordable housing in this area, the special conditions are an attempt to allow landowners the right to keep pre-existing home sites and maintain affordable residential use. The Board unanimously recommended approval of the special use permit with conditions as presented, including the additional condition that new residential construction is limited to one accessory building which shall be restricted to the rear yard. Planning Board recommends approval based on the conclusions that:

- The use will not materially endanger the public health or safety, if located according to the plan submitted and approved;
- 2. The use meets all required conditions and specifications;
- 3. The use will not substantially injure the value of adjoining or abutting property, or that the use is a public necessity; and
- 4. The location and character of the use, if developed according to the plan as submitted and approved, will be in harmony with the area in which it is to be located and in general conformity with the Perquimans County Land Use Plan.

<u>Suggested Motions – Recommendations – Actions:</u> The Draft SUP, if approved by the Commissioners, must contain conditions included by the BCC's motion, if so moved.

The BCC is requested to consider using one of the following sets of scripts to form the desired motion for approval or denial of each proposed SUP, as follows:

SUGGESTED ACTION TO APPROVE:

Motion to find proposed Special Use Permit No. SUP-23-02 to be inconsistent with Perquimans County's CAMA Land Use Plan (LUP) HOWEVER, the special conditions are one way to reflect the chapter III (B) 'Housing' idea that, "All levels of government should do all that is possible to insure that decent housing' and suitable living environments are made accessible to all citizens."and..... motion to approve based on the conclusions that:

- 1. The use will not materially endanger the public health or safety, if located according to the plan submitted and approved;
- 2. The use meets all required conditions and specifications;
- The use will not substantially injure the value of adjoining or abutting property, or that the use is a public necessity; and
- 4. The location and character of the use, if developed according to the plan as submitted and approved, will be in harmony with the area in which it is to be located and in general conformity with the Perquimans County Land Use Plan.

(conditioned upon... <u>revise, add or delete from list of conditions contained in the DRAFT Special Use</u> Permit),

ACTION TO DENY: Motion to deny Special Use Permit No. SUP-23-02, as presented, due to......state your reason.

Prepared Apr 17, 2023 By T. Miles Perquimans County, NC

April 5, 2023

Perquimans County Board of Commissioners,

I am writing this letter to request permission to use the property located at 1604 Ocean Hwy South, Edenton, NC owned by Johnnie Howell Jr. for residential purposes. I currently reside two houses down from this property at 1574 Ocean Highway South with my family. However, I would like to provide a more suitable environment for my children. I have 3 children ages 16, 12 and 11. My 16 year old and 11 year old have to share a room while my 12 year old shares a room with me. As my children continue to get older, it is imperative for them to have their own space.

I am interested in this property to remain close to my family while still being able to provide my children with their own bedrooms. It is important for me to remain close to my family as I assist my mother and aunt with caring for my elderly grandmother. We take turns watching after my grandmother while everyone works. My grandmother suffers from severe dementia and requires around the clock care. As the saying goes, it takes a village to raise children, it also takes a village to care for one's elderly family as well.

The property owner, Johnnie Howell Jr., is willing to sell me the property contingent on the approval from the planning board to use it. Although the area is now wooded, it previously housed a home that belonged to his family. I am aware that if I am granted permission to utilize the property, there are a lot of sanctions I will need to follow in order to build or have a home placed.

Sincerely,

Tykisha Frierson

Church Street, Hertford, NC 27944. The meeting was moved from Monday, June 5, 2023, to Tuesday, June 6, 2023 due to the Chairman and Vice Chairman being out of town at a training.

Chairman Nelson called the meeting to order. Commissioner Jones gave the invocation and Chairman Nelson led the Pledge of Allegiance. Mr. Nelson explained that the first item of business was to hold a couple of public hearings.

PUBLIC HEARINGS

Special Use Permit No. SUP-23-01, requested by Staley Colson

Chairman Nelson opened the Public Hearing stating that the purpose of this quasi-judicial public hearing was to receive public comments to consider a Special Use Permit No. SUP-23-01, requested by Statey Colson, Jr. to install an in-ground swimming pool at 142 Matthews Acres Road in the Old Neck Historic Agriculture District. Subject property is Tax Parcel Number 5-0051-0015L. There were nine (9) people present. Rhonda Repanshek, Planner, presented the following overview of his request: Thank you, Mr. Chair.

This is a quasi-judicial public hearing so parsons of standing, which are usually the neighbors, have the right to speak, although other people may be allowed to speak at the Board's discretion.

Notices were mailed, published and posted as directed by NC General Statutes and our County Zoning Ordinance.

Article VIII, Table of Uses classifies swimming pools in a Historic Ag District as Special Use, so a Special Use Permit is part of this type of case. The permit gets recorded in ROD after County Commissioner opproval. You can reference the Draft Special Use Permit in your agenda packet at page <u>III.A.11</u>. Zoning Ordinance Section 911.30 list conditions specific to swimming pools and those conditions were copied nearly verbatim into the attached draft permit. In summary it states that pools are not allowed in front yards, in-ground pools require a fence at least 4 feet high, and all wiring must meet the National Electric Code.

Planning Board unanimously recommended approval of the special use permit with conditions as presented and found it to be consistent with Perquimons County CAMA Land Use Plan (LUP) due to its zone as Historic Ag in the LUP and the residential nature of the proposed use. Planning Board recommends approval based on the conclusions that:

- The use will not materially endanger the public health or safety, 2.
- The use meets all required conditions, 3.
- The use will not substantially injure the value of adjoining property, 4.
- The forntion and character of the use will be in harmony with the area

After her presentation, Chairman Nelson asked if there were any questions from the Board or comments from the public. She also informed the Board that the applicate was in the room if they had any questions for him. There being no questions or comments, Chairman Nelson closed this public hearing at 6:45 p.m. and proceeded with the next public hearing.

Text Amendment No. TXT-23-01

Chairman Nelson opened the Public Hearing stating that the purpose of this legislative public hearing is to receive public comments to consider Text Amendment No. TXT-23-01, to discuss an amendment to Ordinance No. 106 - Zoning Ordinance regarding accessory buildings in front yards and amendments to Ordinance No. 28 - Addressing Ordinance pertaining to road naming, raising violation fines and editing sections that create addressing-software problems. There were thirteen (13) people present. Rhonda Repanshek, Planner, presented the following overview of the request:

Review of TXT-23-01, Proposed Text Amendments to County Zoning Ordinance to allow accessory buildings in the front yard of lots crented after October 7, 2002 and Amendments to the County Addressing Ordinance regarding road naming. raising violation fines and editing sections that create addressing-software problems.

This is a legislative public hearing, which means the general public has a right to speak.

Notices were published as directed by NCGS and our County Zoning Ordinance. One county resident stopped by the Planning Office to get information on this proposed set of amendments.

The Tuble of Proposed Text Amendments is in your packet. The Addressing Ordinance is also in your packet; underlined font are additions and strikethroughs are delations.

t'll go through the Addressing Ordinance first because it's simpler, then swing back to the accessory structure amendment which needs some discussion and a slideshow.

Addressing Ordinance:

Most are typos and charifications so I'm hitting the highlights of the significant changes.

- Section 2.01 Clarifying that the address layer is a digital software layer new
- 5)
- Section 3.02 -- 2 structures MAY require a street name, but 3 structures SHALL require a street name Section 3.05 Vanity addresses shall not be approved. Example # 1 John Deere Lane ۵Ì
- Section 5.02 Roman numerals shall not be approved d)
- Section 6.06 Hyphens and special characters shall not be approved in street names cì
- Ð
- Section 12.03 Raise maximum fine from \$25 to \$200 for violations regarding road name signs

Are there any questions on that part before I discuss the 2nd hat??

Zoning Ordinance Accessory Structure Proposed Amandment:

The Zoning Ordinance section 704 table is in your agenda packets. Only the subscript gets changed.

Plan for what you WANT to see (Mitchell Silver) vs. what you don't want to see. So the question is "What is it that the general public WANT's to see?" Unobstructed, clean road views and house views. We are trying to control our viewsheld,

This amendment only applies to residential lots created after Oct 7, 2002, because older lots already allow accessory buildings in the front and side yards. Originally, I had it written as applying to only waterfront lots, but after further thought and Planning Board discussion we all decided to let it be for inland lots also. Originally, I had an existing 50R, deep opaque vegetative buffer as an exception that would allow the buildings in the front yard, but it got too complicated sounding and the Planning Board wanted me to simplify the wording, so I took it out completely and let the wording reflect a standard very deep front yard setback regardless of waterfront or vegetation. The word 'building' versus 'structure' was also chosen deliberately because with this wording, swimming pools are still and allowed in front yards.

Ms. Reparshek presented slides that showed examples of situations that would not be allowed to have accessory structures in their front yards unless this amondment is opproved in some form.

LUP comparison:

Regarding Accessory Structure Text: Nowhere does the LUP discuss accessory buildings specifically however, it brings up community appearance on page 3 of the executive summary and climpter 2 states that the continuation of the County's present physical appearance and form is important, if not critical to the County if it is to maintain its unique character among jurisdictions in the region. It also states that the zoning ordinance is a tool that may help the County preserve its rural character.

Regarding the Addressing Ordinance: It does not fall under LUP specifications in Clupter 160D, however page ES-3 of the LUP Executive Summary lists 14 local area of concern issues; one is public safety. All emergency services ensuring public. safety rely on addressing consistency to locate response sites.

Planning Board found proposed Text Amendment TXT-23-01 to be consistent and in harmony with the County LUP because although there is a lack of coverage of accessory structures in the LUP in general, they are a residential-use by nature which corresponds to the zones the text amendment is relevant to. Planning Board also recommended approval of Text Amendment TXT-23-01 incorporating changes niready reflected in the attached Table of Proposed Text Amendments.

And if you are nervous about street aesthetics, the Board may want to consider raising the frant yard setback to 150 feet (versus 100 feet).

Ms. Repanshek concluded her remarks by asking if there were any questions.

A copy of the proposed changes are listed below:

PRESENTATION OF FY 2023-2024 BUDGET

County Manager Heath presented the following FY 2023-2024 Budget Message:

June 6, 2023

To: The Honorable Chair, Board of Commissioners, and taxpayers of Perquimans County

I respectfully submit the proposed budget for Perquinans County for the Fiscal Year 2023-2024. The budget has been prepared in accordance with the North Carolina Local Oovernment Budget and Fiscal Control Act. The budget identifies the estimated revenues and expenditures for the Fiscal Year 2023-2024.

Proposed Tax Rate

As in years past, the County's budget process calls for department heads and other agencies to submit budget requests to the County Manager. In total, the requests amounted to approximately \$28.4 milition. That's almost \$7.5 milition dollars more than anticipated revenues for the upcoming fiscal year. The tax rate would have to be 49 cents higher to fully fund all requests of Perquimens County for the next year.

Total taxable value increased from \$1,416,482,867 to \$1,439,705,262 or 1.64%. Budgeted sales tax revenues are expected to increase by over \$300,000 from tast year's budgeted amount. Another positive note is that I project that we're going to use little if any fund balance appropriation for the fiscal year 22/23 budget. The proposed FY 23/24 budget allocates \$533,452

The County remains in excellent financial condition (as evidenced by our most recent audit) but is feeling the effects of inflation and increased personnel and capital costs. Perquimans County will continue to make substantial investments in school spending, public safety, capital projects and personnel. As a result, the tax rate for fiscal year 23-24 will increase to 64 cents per hundred dollars of value.

When compared to other Counties in the region, Perquimans' tax rate will remain among the lowest in north eastern North

General Fund Budget Summary

The General Fund budget is \$21,066,927 for 2023-2024, an increase of \$552,119 from the current year's amended budget of \$20,514,808.

General Fund Revenues

Property taxes account for the vast majority of general fund revenues, and I've already mentioned the conditions as it relates to real property taxation.

Sales tax revenues are the second largest source of County general fund revenues. Budgeted sales tax revenues are projected to increase by a total of \$360,000 compared to last year's budgeted amount, for a total of \$2,400,000.

\$525,000 is forecast to be added to Perquimans' sales tax allocation to reflect the additional services taxed by the General Assembly in 2016. This is an increase of \$25,000 from inst fiscal year's proposed budget. Medicaid hold harmiess payments from the State, which are tied directly to sales tax calculations, are projucted at \$450,000 this year, an increase of \$75,000. Expected Land Transfer Tax revenues in FY 2023-24 are \$650,000, the same as last fiscal year.

General Fund Expenses

Most of the departmental operating budgets remain similar to the current budget year. By way of comparison, the largest General Fund expenses by department or agency are as follows:

| Department/Agency | <u>Pronosod ۴۷ 23-24</u> | <u>% of Total Of Budget</u> |
|----------------------------|--------------------------|-----------------------------|
| Perquimans County Schools | \$4,811,149 | 22.8% |
| Emergency Medical Services | \$2,912,096 | 13.8% |
| Social Services | \$2,905,515 | 13.8% |
| Sheriff | \$2,561,269 | 13.8% |
| School Funding | \$2,561,269 | 12.1% |

As presented by the Board of Education and school staff carlier this spring, the Perquimans County School System has requested \$3,810,503 for school current expense, an increase of \$710,503 over last year's County appropriation of \$3,100,000. This represents a 23% requested increase from the previous fiscal year's budget allocation. The local current expense requested increase centers mostly around additional personnel, benefit costs and utility increases.

- eg -

The proposed FY 2023-24 County budget increases the local current expense budget by \$289,546 to \$3,389,546. The increase focuses on two school nurse positions that are no longer grant-funded and increases in general benefits and selaries. This continues a significant commitment by the County Board of Commissioners to fund instructional services, support services, athletics, maintenance and utilities. The school capital onliny budget is the same as the requested amount; \$585,000.

Building and Facility Initiatives/Capital Outlay

Perquimans will invest in various building and capital inflictives this year. Such expenditures include:

- Shariff: One Dodge Charger, One SUV, One Animal Control truck, body cameres, IT upgrades.
- Emergency Services: For EMS, a new ambulance with Stryker equipment, and PowerPro col, narcolles safes, desktop and laptop computers, AEDs and speaker microphones for radios. For Emergency Management, crushed concrete at the debris site, forklift safety cage, speaker system for the EM auditorium, and upgrades to Bay 10-12. For communications, UPS battery replacement at remote tower sites and a 16 camera surveillance system.
- Elections; Campletion of Interior improvements to the new building, voting booths, printers for ballois, tabuintor bins, and a security system with cameras,
- Conter for Active Living: New furniture for the entrance, new folding chairs, new benches and a NuStep machine.
- Rearcation: Scoreboard for the baseball field. We have applied for PARTF grants to add a splash pad, new ballfield and additional parking at the Recreation Center. If the grant is received, we will amend the budget as needed.
- Courthouse: Upgrades and reconditioning of the elevator.

Personnel

The proposed FY 2023-24 budget contains a 5% cost of living adjustment to the salary schedule based on inflationary pressures in the economy. Steps and merits are active for this budget as well.

included is a 2% 401k match for employees.

Perquimans County participates in the State Health plan, and health Insurance rates are projected to cost \$7922 per employee per year. This amount includes a projected 5% increase in rates and \$25 per month per employee that the State charges employees for the base 70-30 plan. The health benefit alone remains a significant benefit to County workers.

The North Carolina Local Government Employees Retirement System employers' contribution will increase to 12,9% from

This budget includes several new positions and preactive employment measures to attract and retain personnel. To retain current employees, I am proposing that longevity payments be introduced. These annual payments would be rewarded at different tiers to workers that stay consecutively employed with the County for 5, 10, 15, and 20 plus years of service. Many of the Counties around us offer this program. 5 years of service would equal a \$750 annual payment, 10 years = \$1000, 15 years # \$1250, and 20 years or more # \$1500. The total cost of these payments is around \$61,000.

To recruit new employees in the public safety and emergency services fields, this budget proposal would allow sign-on bonuses of up to \$2000, at the discretion of the department head, to be paid after completing one year of service with the

The Sheriff's office budget includes the first phase of a encor development plan, whereby deputies and sorgeants will be increased by one Grade on the salary schedule. This represents roughly a 10 percent increase for those employees from the previous year and would put the starting salary of a base level deputy above \$40,000. Also included in the Sheriff's budget is the conversion of a narcoties deputy position to an Investigator. EMS will receive one additional full-time parametic position and two full-time Advanced EMT positions as the County tries to become less dependent upon part-time employees who work full-time for other agencies. The Communications budget includes the requested conversion of two part-time positions to full-time. The Department of Social Services budget includes two Income Maintenance Caseworker positions as well as the reelessification of two Public Information Officers to Income Mnintenance Technicians. Medicaid expansion may go into offect as early as October, if so, the County may need to add other positions to cover the workload. Lastly, the Center for Active Living's budget includes converting the part-time data and program manager to a full-time position.

Other Noteworthy Items

- Funding for the County Fire Departments increases to \$100,000 each, up from \$80,000 per department last year.
- Funding for the Perquimans County Library will be \$207,000.
- Funding for the Tri-County Animal Shelter will increase to \$110,000 to facilitate staff and building improvements.
- Albemarie District Jail remains a considerable expenditure, at \$663,908.
- \$134,000 has been budgeted to complete the payments for the County revaluation which takes effect January 1, 2024

Water Fund

Porquimans continues to make significant investment in its overall ability to provide water to its customers. Perquimans will continue to purchase 150,000 gallons of reverse asmosis water from Pasquotank County that services customers on the Winfall plant side. The bulk water rate that Pasquotank County charges is \$7.77 per thousand gallons.

Water rates will remain at \$17.50 for a minimum bill and \$9 per thousand after the first thousand. There is a total increase in the budget projected of \$26,000. I've included approximately \$100,000 for additional radio read meters and a \$112,000 allocation for water tank maintenance. Sell and chemical supplies have increased significantly from year to year. Other capital expenditures include permits, design and plans for a new discharge location at the Winfall plant and a new half-ton truck.

The total water fund budget for the Fiscal Year 2023-24 is \$2,604,900.

Solid Waste Fund

The proposed solid waste fee for FY 23-24 is \$160, no change from last fiscal year. This fee covers the cost of operating the five Convenience Site locations, the County's portion of the Pergulmans-Chowan-Gates Transfer Station operating cost, and the tipping fee for the County's solid waste at the private landfill in Bartle County. All of these operational costs have increased over the past couple of years, particularly in hauling costs this year. We've made significant capital improvements to our sites, including additional compactors. The total solid waste fund budget is projected at \$1,213,350.

Conclusion

I'd like to thank the Department Heads for their stowardship in this budget process. I would also like to thank the Board of Commissioners for your involvement in the budget discussions and for making difficult, but Important decisions on behalf of the eltigene of Perquimens County. Finally, 1'd like to thank County staff: Mary Hunnicult- Clerk to the Board, and Bill Jennings and Kim Bray of the Tax Office, for their assistance and guidance in this process. I'd especially like to thank Finance Officer Tracy Mathews. Without her help and expertise, this budget process could not be completed.

I thank each of you for your consideration of this proposal and welcome any changes the Board deems appropriate.

At the request of the Chairman and Board of Commissioners, a public hearing has been scheduled for Monday, June 19, 2023, at 7:00 p.m. In the Perquimens County Library for public comment and to consider adoption of the budget.

UPDATES FROM COUNTY MANAGER

County Manager Heath presented the following updates:

- Prisoner Housed in Walte County Undate: Mr. Heath reminded the Board that, due to a change in the NC × General Statutes, the County was required to pay for the austody cists. With the aid of our lobbyist, Bob Steinberg, we were able to get the costs down from \$150,000 to \$50,000.
- Monument Markers: Mr. Heath reported that the monument markers should be installed later this week.
- New Baard of Elections Building: County Manager Heath updated the Board on the renovations of the new Board of Elections Building. - Linuor By The Drink: Mr. Heath stated that the Board had been asked to look into assisting a local business in the County with obtaining a liquor license. He asked County Attorney High for an update on his research. County Attorney High provided the following updates to the Board:
 - The State ABC Board is no longer authorizing local ABC Boards. Therefore, the only way to get liquor by the drink in Perquimans County would be to merge with the Town of Hertford since they already have an ABC Board and Store. This is something that the Board will have to discuss with the Town of Hertford. This discussion will have to be soon in order for us to notify the Board of Elections (local and Sinte) to hold an election for liquor by the drink for Perquimans County. Mr. Heath asked if this had to be county wide and not on an individual basis. Mr. High said that it would have to be county wide.

After his presentation, Chairman Nelson suggested that the Chairman, Vice Chairman, and Hertford ABC Board meet with the Town of Hertford to discuss the possibility of merging with them. County Manager Heath stated that the Jackie Greene, Supervisor of the Board of Elections, was present tonight and asked Ms. Greene about the deadlines for getting this on the ballot. The Board concurred with Chairman Nelson's recommendation and a report will be brought back to the Board.

SALE OF SURPLUS EQUIPMENT

County Manager Heath Informed the Board that the buyer of this vehicle was approved last month did not pay for the vehicle. Therefore, they had to readvertise on GovDeals. The rebid period closed today at 11:00 a.m. The highest bidder was as follows:

RESPONSE FROM TOWN OF HERTFORD NO-WAKE ZONE EXTENSION REQUEST

County Manager Heath report that in December, 2022, the Yown of Hentford forwarded a request to extend the No-Wake Zone in the Perquimans River at the Hertford S-Bridge and along part of the Town waterfront (a copy of the map is below). The Board approved their request and forwarded their application to NC Wildlife. At the NC Rules Review Commission meeting on May 18, 2023, the members gave final approval for the rule amendment making it effective June 1, 2023. The Town of Hertford will be responsible to place the no-wake buoys. This is for information only. No action is being required,

- > Snecial Use Parmit No. SUP-23-91 - Requested by Statey Colson: Chairman Nelson stated that a public hearing was held earlier in the meeting. He asked if there were any other questions or comments. Commissioner Corprew asked why the individual had to pay the \$300 fee. County Manager Heath answered his question. There being no further questions or comments, T. Kyle Jones made the motion to find that the proposed Special Use Permit No. SUP-23-01 was consistent with Perquimans County's CAMA Land Use Plan (LUP) due to the residential nature of the proposed use and its zoning as Historic Agriculture Area in the LUP and to approve it as presented based on the conclusions that:
 - The use will not materially endanger the public health or safety, if located according to the plan submitted an approved:
 - 2. The use meets all required conditions and specifications:
 - 3. 4.
 - The use will not substantially injure the value of adjoining or abitting property, or that the use is a public necessity; and The use will not substantially injure the value of adjoining or abitting property, or that the use is a public necessity; and The location and character of the use, if developed necessing to the plan as submitted and approved, will be in harmony with the area in which it is to be located and in general conformity with the Perquinants County Land Use Plan.

Þ Text Amendment No. TXT-23-01: Chairman Nelson stated that a public hearing was held earlier in the meeting. He asked if there were any other questions or comments. There being an further questions or comments, T. Also, the Addressing Ordinance text amendments are critical to promoting public safety which is an area of concern in the Land Use Plan Executive Summary and to approve Text Amendment No. TXT-23-01, as presented, to edit County Zoning Ordinance section 704 Table to include proposed standards for allowing accessory buildings in front and side yards of residential lots created after October 7, 2002 and to edit County Addressing Ordinance sections a proposed in the Table of Proposed Text Amendments to include increasing the number of structures that trigger a street name requirement, mising maximum fines and editing sections that create addressing software problems. PUBLIC COMMENTS

The following public comment was made:

> Terry Swope: Mr. Swope made the following public comment:

My name is Terry Swope and I live in Perguimans County.

Recently in the news there has been talk about how much government spends and how and if it should be limited. Many falks feel government spends too much, and while this talk has been about Federal spending, I am here tonight to say local spending is also too much. This essay is addresses the upcoming 2023-24 budget and assumes it's adoption with another 5% tax increase.

I relocated to Perquimans County in late 2016. In those 8 "Budget years" the State of NC has reduced my taxos on 5 separate occasions, or about 6 17% DECREASE in taxes.

In those same 8 years, Pergulmans County will have increased my taxes 3 times, or a little more than 12%.

The State of NC grew it's budget about 33,596 in those 8 years. The State of NC's population also increased 796 in that time frame, so a minimum 796 increase would have been necessary even in a world of zero inflation just to keep things static.

Perquimans County has had no population increase. We have very close to the same amount of people here today as we did in 2016. Yet our County budget has increased the same 35% or so in the same time frame. In other words — on a population adjusted basis, Perquimans County is growing it's budget MUCH faster than the State of North Carolina.

Some of you have been on the Board as long as I have lived here and you might recall several years back how I performed the same analysis and showed Perguimans County had been increasing it's spending as rapidly as the Federal Government. Ever since Covid, the Feds have gone nuts and I can no longer make that comparison. But very importantly, that is not to say we have slowed our rate of spending here in flequimans; we just can't compete with an entity that can berrow ad infinitum and thus I used the State for comparison this time.

Using State sponding as the yardstick, well, we're smokin' them! They lag far behind us the last 8 years.

As this budget year is about to start, there is virtually no time to make significant changes now, I do however ask that the Board recognize that we have been increasing our spending at a rapid rate and those tax increases really do hurt many folks. Since we have not been very good at developing economic drivers in the past, it's doubly important we curtail runaway spending in the future, and it's never too early to start finding ways to spend less.

Perquimans County Sheriff's Office

110 N Church St.

Hertford, NC 27944

To Sheriff White,

This letter is to inform you of my two weeks notice and last working day of 06/15/2023.

It has been great working for you the past couple years and the experience I have gained will be with me forever. I can think of no complaints except the pay, but I know you have no control over that. The Sheriff's office has been like a second family to me and I know I can always depend on you guys on or off duty. I don't think this is the end of my law enforcement career or the end of my time with Perquimans. I feel the opportunity I am taking with the military is great opportunity to grow my skill set and hopefully gain benefits that will help through a law enforcement career.

I could never thank you enough for the opportunity to work for you and neither could my family. They felt Perquimans was a safe and trustworthy place for me to work as well.

Sincerely,

Victor Sulliban

Kindler

Mary,

It does not have to be a commissioner. I am trying to think of someone to recommend to you all.

Janice, I talked with Mr. Hoffler last night and he said that he was not interested in continuing to serve on the above referenced Board. I mentioned it to Frank, and he said that, if you find out that it does not have to be a Commissioner, we can see about doing a Commissioner appointee for that position. It is whatever their bylaw specifies. I know that with the Economic Development Commission, it states that the towns needed to appoint one of their council members to the Commission.

If you will let me know what the bylaws state, I will be happy to place that on the July Agenda to fill his seat effective July 1, 2023.

Thanks.
