To Whom It May Concern:

To protect the health of the public during the coronavirus (COVID-19) pandemic, Census Bureau workers have had limited direct contact with the public.

If you live in a remote area, a census worker may visit your home to deliver a questionnaire. Please respond as soon as you receive this information. If you don't receive a questionnaire package, you can still respond online or by phone.

**Visit [my2020census.gov](https://my2020census.gov) or call 1-844-330-2020.**

When you respond to the census, provide your street address and not a PO Box. The census counts people at their physical address.

Census workers will begin visiting homes in August to interview households that have not responded. If you respond, we will not need to send a census worker to your door.

If you have already completed your 2020 Census questionnaire, thank you.

Sincerely,

Steven D. Dillingham  
Director

A quien corresponda:

Para proteger la salud del público durante la pandemia del coronavirus (COVID-19), los empleados de la Oficina del Censo han limitado el contacto directo con el público.

Si usted vive en un área remota, es posible que un empleado del censo visite su hogar para entregar un cuestionario. Por favor responda tan pronto como reciba esta información. Si no recibe un paquete del cuestionario, aún puede responder por internet o por teléfono.

**Visite [my2020census.gov](https://my2020census.gov) o llame al 1-844-468-2020.**

Cuando responda al censo, proporcione su dirección de calle y no un apartado postal. El censo cuenta a las personas en su dirección física.

Los empleados del censo comenzarán a visitar hogares en agosto para entrevistar a los hogares que no hayan respondido. Si usted responde, no tendremos que enviar a un empleado del censo a su hogar.

Si usted ya ha completado su cuestionario del Censo del 2020, se lo agradecemos.

Atentamente,

Steven D. Dillingham  
Director
