To All Perquimans County Residents,

The purpose of the Perquimans County Ordinance Regulating Ambulance Service and the Granting of Ambulance Service Franchises, Ordinance No. 100, is to set forth the conditions, limitations, restrictions and requirements under which a person may provide ambulance services or operate ambulances in Perquimans County, North Carolina. Based on this ordinance, it shall be unlawful for any person or owner to provide ambulance services or to operate ambulances of any type within the County without having been granted a franchise to do so by the County. This specifically includes ambulances which transport patients which are picked up inside the County and transported to destinations inside the County.

On February 5, 2024, the Perquimans County Board of Commissioners authorized Emergency Services to enter into an agreement with Albemarle Medical Transport, as outlined in our Ambulance Service Franchise, Ordinance No. 100. For any facility or resident that requires non-emergency ambulance transport within Perquimans County, use the following contact info to schedule a transport:
