

Do you know someone in need of Durable Medical Equipment (DME), a ramp, or other home care aides?

We will do our best to help you get what you need!

Do you have DME or lumber you wish to donate?

We accept lumber and items such as Walkers, Rollators, Wheelchairs, Hoyer Lifts, Ramps, Canes, and more.

Don't have any of the above items and still want to help?

We will gladly accept gift cards or monetary donations. Monetary donations can be made to the Perquimans County Emergency Services and Public Safety Foundation.

Perquimans County Mobile Integrated Healthcare

*Working Together To
Improve Healthcare In
Perquimans County*

Everyone has different healthcare-related needs, so The Perquimans County Mobile Integrated Healthcare (MIH) Program takes an individualized approach to each citizen it serves. People often face multiple barriers when seeking care, which can be tough to navigate. By working with community partners and local healthcare organizations, we can help navigate the road to a healthier you. Our program is available to any resident of Perquimans County at no cost and we come to you.

Our health is influenced by many factors. We can not control all those factors, but by taking a person-centered approach to healthcare in Perquimans County, we can positively influence some of them.

What can we assist with?

What does your participation look like?

First, we figure out if and how we can assist you. We can get to know you by visiting you at home or talking with you on the phone. Then, we will create a tailored plan that assists you in achieving your health goals. We will offer continued support until we agree that our assistance is no longer needed. If you wish to end your participation at any point, just let us know. We will also let you know if we can not offer you any further assistance.

If you or someone you know could benefit from participation in our MIH program, contact us or visit us on the web for more information.
